IMPORTANT EXPLANATORY INFORMATION

An adult child may request to continue as a dependent on his or her parent's coverage even after the child reaches the limiting age under the terms of the policy if the adult child:

- is not yet 30 years old
- is unmarried
- has no children
- lives in New Jersey or, if not a New Jersey resident, is a full-time student at an accredited institution of higher education
- is not eligible for Medicare and is not actually covered under another group or individual health plan.

An adult child may make the request to continue as a dependent on his or her parent's coverage either:

- when he or she first reaches the limiting age
- when he or she first becomes eligible for a reason other than reaching the limiting age (for example, the adult child becomes a full-time student in another state, or returns to live in New Jersey after residing elsewhere), or
- within 30 days after each anniversary of the date the dependent attained the limiting age

In addition, adult children who reach the limiting age under the parent's coverage prior to May 12, 2006 may make an enrollment request at any time from May 12, 2006 through May 11, 2007.

The adult child or covered employee may be required to pay up to 102% of the cost of the dependent premium.
